FIRE PITS

FP-2316

23" DIAMETER x 15½" HIGH

FP-3619

36" DIAMETER x 19" HIGH

PROVIDES WARMTH AND ATMOSPHERE FOR YOUR PATIO OR CAMPSITE WHILE THE ATTRACTIVE DECOR FITS ANY OUTDOOR SPACE.

Heavy 11-gauge steel has been handcrafted in two sizes with a laser engraved outdoor scene and powder coated in a high-temp black finish. The fire pit's two-piece welded design with a 5-inch base, contains both fire and ashes where they are meant to be. Choose the size to best fit your backyard or campsite.

FX-0001 Customized Laser Engraving –
Substitutes the standard laser engraved outdoor scene with custom laser engraved artwork as requested.

PORTABLE HEATER

MH-0075-OD10

KEROSENE FORCED AIR
75,000 BTU

HEAT UP YOUR CAMPSITE, PATIO, GARAGE OR WORKSHOP WITH THIS 75,000 BTU PORTABLE HEATER.

With its rugged steel body, high performance fan, built-in temperature control thermostat, and fuel gauge, this heater is perfect for even the harshest environments. It runs on both kerosene and diesel fuel. This unit also features sure start ignition for cold temperature starts and a 1 year limited warranty.
